Associate OutSystems Developer with a maker mindset. I prototype fast, design clean UIs in Figma, and ship small products end-to-end (React/Node, Python, MongoDB).

Looking for a junior/associate role to contribute immediately and grow through delivery and advanced certifications.

EXPERIENCE

04/2024 – Present   **Freelance Web Developer & Designer**
- Designed/built multiple sites (Figma → React/Node), responsive UI, reusable components.
- Integrated headless CMS (Contentful, Ghost): content models + editorial workflows.
- Built & maintain an MTG Discord bot (Python, Discord API, MongoDB): game tracking, VC timers, player/deck stats; 100+ daily users.
- Operate two online stores (Etsy/Shopify): **1,100+ orders**, **4.9★ avg** (200+ reviews); full support & fulfillment; empathetic comms and fast resolution.

2023 – Present   **Various Short-Term Roles (non-IT)**
- Customer-facing seasonal work in hospitality & agriculture; reliability under pressure; strong people skills (easy rapport, de-escalation, clear comms).

01/2023 – 03/2024   **Independent Software Projects & Product Experiments**
- Crypto portfolio tracker: exchange/price API integrations, holdings/P&L dashboards; production-quality Figma UI.
- Generative art engines: SVG algorithmic composer and Canvas PNG/JPG renderer (batch generation).

EDUCATION & CERTIFICATIONS

09/2025   **Associate Developer (OutSystems)**

09/2018 – 02/2022   **ISA, BSc Agricultural Engineering (incomplete)**
Completed 3 years; left to pursue software/product work.

SKILLS

OutSystems (entities, aggregates, client/server actions, REST integrations, UI patterns), **Figma**, **React/JS/TS**, **Node.js**, **Python**, HTML/CSS/Tailwind, **MongoDB**, **Contentful**, **Ghost**, **Discord API**, **AI-assisted workflows**, **PT (native)**, **EN (fluent)**, **ES (conversational)**, **FR (reading only)**
